

# THOMPSON PLACEMENT STABILITY UNIT

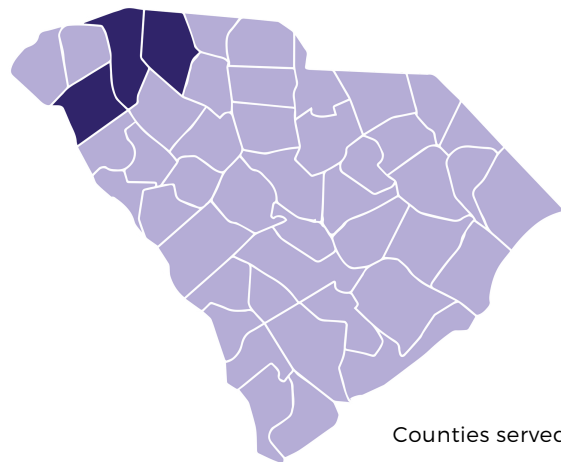

**THOMPSON**  
Strengthening Children, Families & Communities

OUTCOMES SUMMARY  
JUNE 2022 - JANUARY 2023

## PROGRAM OVERVIEW

The Thompson Placement Stabilization Unit employs a team of professionals to support **difficult to place teens** in child welfare custody who have a history of placement instability, multiple placement changes, and youth who have a history of sleeping in social service offices. Understanding that subsequent disruptions and additional trauma can be minimized, this team's sole purpose is to engage with youth and their foster families through direct mentoring, coaching, counseling, support, basic care coordination, and crisis intervention via 24/7 on-call coverage.

Counties served
