YOU'RE HELPING SAMANTHA GET BACK ON TRACK!

Without your help, Samantha would still be homeless and using drugs. Now she is living with her sister and grandmother.

After running away from her foster home, law enforcement found her and placed Samantha in a juvenile justice facility. There she was able to refrain from drug use and get clean.

“*I have high hopes for Samantha - she is invested in maintaining her sobriety and making better life decisions.* ~ Samantha's Youth Partner”

Because of you, Samantha received services from Thompson's Placement Stability Unit (TPSU). She set goals, including completing her GED and finding part-time employment.

Thanks to YOUR support, Samantha now lives with her sister in a loving and caring home.

YOU can help!

JOSHUA'S STORY

Foster children often face unique challenges that can have a profound impact on their mental health. It is crucial that we, as a community, come together to provide the support and resources necessary to ensure the well-being of these kids.

Many of the children we meet don't have mental health support in their lives beyond school...But YOU can help!

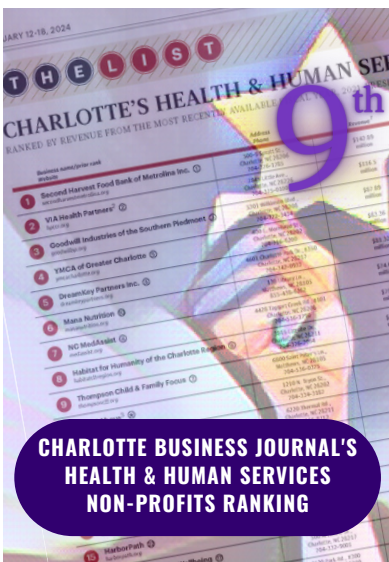

Please donate today to make a lasting impact on the lives of countless children in need. You can make a significant difference in the lives of young individuals.
