

THOMPSON
Strengthening Children, Families & Communities

TOP TIER TALENT

I help support healing, hope & resiliency.

.....

What is your name and position at Thompson?

My name is Gay Lawrence, and I am a School-Based Mental Health Therapist at Thompson. I started in this position in January 2023. I work with elementary, middle, and high school students, providing therapy services onsite in 4 Charlotte-Mecklenburg Schools.

What 'superpower' do you bring to this role?

My greatest superpower is helping families recognize their strengths. Our students and families often feel overwhelmed with the challenges and stressors of life and at times need that support to utilize their own resilience.

What's your favorite thing about the Thompson culture?

My favorite aspect about Thompson is the cohesion of our school-based team. Our team is very supportive of each other and committed to providing outstanding services to our clients.

What are you most proud of about your work at Thompson?

I am most proud of the ability to provide support to students and families who may not have been able to participate in mental health services due to lack of access. I am also honored to work collaboratively with the school system to provide needed support and resources to our families.

If you could sum up your employment with Thompson with a quote - what would it be?

"To continue to serve and support our community"
