

Thompson Psychiatric Residential Treatment Facility (PRTF) has expanded to fill a much needed gap with a specialized service for adolescent girls challenged by trauma and victims of human trafficking.

PROGRAM PROVIDES:

- Utilizes clinicians in TFCBT and DBT modalities based on the youth's needs.
- 24/7 supervised care and support.
- Smith Cottage can accommodate up to 8 girls, each with their own bedroom and bathroom.
- Trauma-informed care and evidence-based practices.
- Relationship-based theoretical model.
- Healing, natural environment with spiritual life component.
- Evaluation of results and outcomes.
